## St. Vincent Pallotti (our Patron)

St Vincent Pallotti School Rasayani was started in the year 2013, with the vision to provide 'Education through Service.

The school is a co-ed school originally started with the aim of catering to the education need of boys and girls from rural and semi-urban background. We began our school with 15 students, from there we have grown by leaps and bounds these past 7 years and the present day strength stands at approximately 500 students. The school follows CBSE pattern of education.

SVPS provides a learning environment that encourages every child to bring out the best in himself/herself and enables their all round development through joy of learning, enduring values and celebration of diversity.

## Why Opt SVPS?

- ✓ Academic Excellence
